He was a scholar who detested orthodoxies, rooted his understanding of democracy in the ancient concept of the Athenian demos and believed, like Max Weber, that politics was a vocation. Ralph Nader gave me Democracy Incorporated: Managed Democracy and the Specter of Inverted Totalitarianism when it first came out in 2008. Nader, who has been fighting the abuse of corporate power longer and with perhaps more success than any other American, called it a...

Managed democracy is the application of managerial skill to the basic democratic political institution of popular elections. [16] By using managerial methods and developing management of elections, the democracy of the United States has become sanitized of political participation, therefore managed democracy is "a political form in which governments are legitimated by elections that they have learned to control". [30]

Democracy Incorporated – which first appeared in 2008 – could be said to deepen this move into the present, since notwithstanding its brilliant forays into the American and European political past, it is firmly focussed on the first decade of the 21 st century (or what Wolin, only half-jokingly, labels the reign of ‘George II’). Clearly ...

Democracy Incorporated does exactly what great political theory should do: it provides a theoretical framework that allows the reader to see the political world anew. It left this reader with an almost nightmarish vision of American politics today, a nightmare all the more terrifying for being so compelling, so vivid, and so real."
